

Features:

- Pressure diaphragm and integrated non-return valve
- built-in protection against dry running
- Digital pressure display (bar and psi)
- Built-in flow sensor with permanent digital detection.
- Standby mode
- With ART System (Automatic Reset Test): With dry-running, the system stops automatically and re-starts automatically in periodic cycles.
- Protection class IP 65
- ZP control 05 comfort: (in addition to ZP Control 05 Basic): Built-in pressure transmitter with digital display, integrated current sensor with digital output, protection device against overcurrent

Application:

- For the control and protection of 1-phase pumps up to 2.2 kW

Product benefits:

- exactly adjustable start pressure 0.5 - 4 bar
- Integrated dry-running protection
- Overcurrent protection
- Auto-reset function
